

## INVENTION IS STOLEN AT THE BUTLER

On Monday afternoon and evening "David and Saul" Pathe's magnificent masterpiece will be shown. This picture is by far the greatest biblical production ever shown. It is remarkable for its life-like realism, beautiful costumes, beautiful stage settings and good acting.

Incidents of the Durbar at Delhi, India, December, 1911. This film shows the great ceremonial gathering for the proclamation of the King and Queen of England upon their first visit to that country as emperor and empress of its wide domain. This film will also be shown on Monday and every one who sees it will say it is a film of great educational value and full of spectacular interest.

Tonight's program is composed of four reels of high class motion pictures, comedy and dramatic subjects and every one a good one, as follows: "The Stolen Invention," "Record Romance," "The Junior Officer" and "The Wrong Bride."

## MILL PLANT AT RAWHIDE BURNS TO THE GROUND

Special to Bonanza:

RAWHIDE, May 17.—Fire broke out here yesterday afternoon in the National Mill building. Owing to the shortage of the water supply the structure was soon a mass of charred embers. The plant was constructed by the King-Heiser Company three years ago and was used as a custom mill. For several months the Coalition Company leased the property, which was later on purchased by W. O'Brien and associates. The loss will amount to \$75,000.

### SIGNALS OF DISTRESS.

When journals that profess to be advocating a "cause" resort to gross unfairness and downright misrepresentation, it is reasonable safe to assume that their "cause," if they ever had one, is completely lost and that they are fully conscious that it has gone glimmering. These signals of distress are now being displayed by most of the Roosevelt organs in California. They not only suppress campaign news—some of them even omitted to publish Taft's first speech flaying the great American pretender—but they even attempt to create the impression that the president has no chance of being renominated.

Glaring examples of these signals of distress are found in the current number of the California Outlook. Referring to the Massachusetts primary, the paper declares that in it Taft "went to his finish," and that "the result means the absolute destruction of Taft's hopes." And it makes these assertions after grudgingly admitting that "the preference vote, by a little over 3,000, favored Taft." That is to say, when Taft carried Massachusetts, his chance of renomination was thereby destroyed. Is anybody impressed by that sort of logic? Here the signal of distress is misrepresentation that fools nobody.

The paper, as might be supposed, goes into ecstasies over Roosevelt's order to the delegates at large—to whom he was not entitled—to vote for Taft. Hear it declaring: "But greater than either of these developments, vastly more important in its significance as well as in its value as a basis for comparing progressive and reactionary ideals and methods in politics, is Roosevelt's renunciation of his eight delegates at large. He gave them to Taft." But not one word in the article refers to the fact that the eight Taft delegates at large were honestly elected, but were counted out because of a legal technicality that did not alter the fact that they were really chosen. Here the paper flies the danger signal of unfairness.

There is something about these signals of distress that is peculiarly agreeable to supporters of President Taft. May the signals continue to fly and multiply.

### WOMAN FINE \$60; WANTED TO BE YOUNG

GENEVA, May 17.—A young woman was fined \$60 and costs at Zurich because she subtracted three years from her age when applying for a marriage license. The charge was "coquette."

## TWO THOUSAND FEDERALS PASSING THROUGH TORREON

MONTEREY, Mexico, May 17.—Two thousand federals passed through Torreon today en route to reinforce the troops under command of General Huerta. The rebels are entrenched themselves at Jimenez, preparing for their last stand. It is estimated that General Orozco lost 2,000 rebels the past week through death wounds and desertion. The desert around here is strewn with bodies for a distance of 75 miles.

## DOG THEATRE PARTY COSTS FIVE BONES

Gotta dog? Gotta five dollar bill? It's a cinch you will have to get a chain or a five dollar bill if you want to keep Fido.

The county commissioners of Nye county, during their leisure time, last March, passed an ordinance, and numbered it "23" relating to dogs who enter theaters and houses of worship. Section 1 runs like this: "It shall be unlawful for the owner of any dog to permit the same to enter or to be in any place of worship, or in any theater, or in any public place of amusement. Section 2 is the goat getter; look out for that purp or perhaps you will be dining at the expense of Nye county. Section 3 states that any person violating the provisions of the ordinance shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$5 nor more than \$25 or by imprisonment in the county jail for not more than 20 days or by both such fine and imprisonment.

It will yolk a hardship on the police department of this city for some time to come as the town of Tonopah possesses four churches and two theaters—and three police officers. Now the question arises, who will be stationed at the different churches and theaters to keep Fido out? Chief Smith was attempting to figure the matter out this morning, but gave up in despair.

## MOOSE WILL MEET SATURDAY NIGHT

The Tonopah lodge of Moose will hold their second meeting tomorrow (Saturday) night at the K. of P. hall, at 8 o'clock instead of 8:30, this change in the time being due to the fact that those who have joined the order must sign the roll and receive their receipts for dues paid. Several matters of importance will come up before the lodge tomorrow night and in addition more candidates will appear for initiation. Those who have not yet seen the organizer can find Mr. Buchanan at the Mizpah hotel tomorrow morning from 10 to 12 and from 1:30 to 5 in the afternoon.

### PERKINS.

Hasn't Mr. Perkins some friend to dissuade him from further posing in public as the director of American political destinies? Let him give all the money he pleases to Theodore Roosevelt, but let him spare a weary public the long screeds setting forth his exalted motives and explaining that he is the one wise and patriotic man in Wall Street. Mr. Perkins may be the most amiable of gentlemen personally, but he should not delude himself into thinking that his fellow-citizens will either forget his record or mistake his caliber. Potatoes are certainly running very small this year if George W. Perkins is the biggest one in the Roosevelt basket.—New York Post.

### "CUPID" POUL DOES RUSHING BUSINESS.

Business was rushing with "Cupid" Poul today and records for the present month were broken in the matrimonial business. Two happy couples announced before the county clerk and secured licenses. T. V. Jordan, of Anaheim, and Joseph McLaughlin, of Goldfield, contracted one of the number while Hiram Chitovich and Sofia Cain of Tonopah made up the other.

## CHICAGO BOY SHOOTS UP CITY HALL

CHICAGO, May 17.—When Charlie Bell, 7 years old, heard his father complaining in Highwood, a suburb, about having been fined \$150 for selling liquor without a license, he decided some of the mills of justice in the city hall needed repairing. So he picked up his father's shotgun and set out to change conditions.

Advancing to the city hall square he began a bombardment of the building. Here are some of the things he did:

Broke several windows.  
Knocked over the mayor's inkstand.  
Perforated Town Marshal L. K. Heustle's new felt hat.  
After the shot passed through the marshal's hat, the marshal called a policeman to his aid and together they advanced on the boy and captured him.
